Rhapsody Weather event, she was initially told by Remilia Scarlet to find a possible suspect behind the bizarre weather. After Remilia grew tired of questioning the suspect, she ordered Sakuya to find and deal with the culprit. After doing so, Sakuya told Reimu where to find the culprit, and the second helped rebuild Hakurei Shrine after it was destroyed for the second time. Touhou Hisoutensoku Main Article: Touhou Hisoutensoku Story If linking SWR with Touhou Hisoutensoku, then Sakuya can be a selective character to play, although he appears in no scenario. HM Sakuya's hopeless Masquerade Sakuya emerged as a cameo backdrop in the Masquerade Hopeless on the Hakurei Temple stage. He stands with Remilia Scarlet and Patchouli Knowledge holding a tray with tea on it. Impossible Spelling Principal Card article: Impossible Spelling Cards: Stories After apparently reading the press by whingeing about a peaceful make mistake, he became one of many powerful youkai and humans to try and stop Seija Kijin. He uses a spelling card that is considered impossible to avoid. Literature[edit] Bohemian Archive in Japan's Main Red article: Bohemian Archives in Japanese Red/Sakuya Sakuya as seen in Wild and Horned Hermit chapter 21 Articles report Sneak into Marisa Kirisame's house and steal various objects with the aim of building rockets for the journey to the moon. Sakuya Sakuya his odd behaviour by claiming he only conducted Remilia's request. In the interview, Aya Shameimaru asked to speak to Remilia to find out why she wanted the items, but at the Sakuya booth, she was late delivering tea to Patchouli Knowledge, which arrived to see what the hold was. Patchouli explained that they would use the goods for a magic spell that would send them to the moon, but it ultimately proved troined in the end. The interview ended with Sakuya inviting Aya to join them for tea time. Wild and Horned Hermit Remilia responded to the new event of Reimu Mamemaki for Setsubun (an event in which people threw nuts to drive away onis) and decided to make his own celebrations without grind where Sakuya helped with preparations. Kasen learned that the vampire was also weak against the nuts and decided to pay them a visit where Sakuya please welcomed her and told her about the festival. After Reimu's change of mind, Scarlet Devil Mansion cancelled his own festival and established a sushi stance at Hakurei Temple. Forbid Scrollerly Sakuya goes to Hakurei Temple looking for Remilia's new pet, the supposed Squirup, which seems to have disappeared. Later, he went along with Reimu to Suzunaan to research about the creature. After Hieda managed to catch it and revealed it was actually a chupacabra, Sakuya returned it to Scarlet Devil Mansion. Relationship[edit] As a playable character in several matches, Sakuya has met a large number of characters. Generally, he treats everyone with the professional decency of the perfect and elegant maid, but youkai who gets in the way while he finishes the incident outside the cold. Resident scarlet Devil Mansion[edit] Sakuya is loyal to Remilia Scarlet and serves as a Head Maid without question, a servitude in which no one knows why either trust each other so much. He followed Remilia's request even though she knew it wouldn't work, such as catching Lily White to restore spring in the Strange and Bright Nature Deity, as mrs. When Remilia playfully criticized Sakuya for her failure to catch the spring, she took it in a good stride and disagreed. He'll also do things for Remilia that he won't ask, such as accompanying him on An inevitable Night and Immaterial Power and Lost (or trying, in the latter case), or wearing a sleight-of-hand magic show for Remilia without warning in the Curiosities of Lotus Asia. Remilia has said that Sakuya is an excellent cleanser, although not before the contraindication states that humans are in vain. Sometimes, he is more babysitter than a maid. chase Remilia in Rhapsody Weather Scarlet and Immaterial and Lost Power quotes to sneak out food or play around too much. Hong Meiling is a colleague he pesters about the productivity of his work as shown in Immaterial and Lost Power and Touhou Hisoutensoku's quote victory. Meiling seems easily afraid when Sakuya shows even a bit of anger as shown in the Deity of The Strange and Bright Nature. However, in Touhou Hisoutensoku Meiling ended, when Meiling was found out and asleep, Sakuya took Meiling inside because she was worried Meiling would get heatstroke. He also served Patchouli Knowledge since Patchouli rarely left his room. Sakuya had the highest power as chief maid[1], but patchouli ranked really higher in Scarlet Devil Mansion. Sakuya can also serve him because Patchouli is Remilia's friend, although she takes care of Patchouli personally. In Silent Sinners in Blue, she takes personal time to watch and smile at Patchouli, who is happily unconscious as she researches the discovery of a new magical. Koakuma is just a colleague of Scarlet Devil Mansion and maybe nothing more. In addition to serving remilia, she might serve her sister Flandre Scarlet, who is usually not allowed out of the Scarlet Devil Mansion because of her emotional instability. However, this is not expressed, implied, or described in any official work. One prepares Flandre food, which is that is, a human prepared in the form of pastries and other pleasant things, but it has never been expressed as Sakuya. As a head maid, Sakuya has topped all other Fairy maids in the Scarlet Devil Mansion. He is familiar with each one and sees any abnormalities like the Three Fairies of Light dressed as three maids. Due to poor work productivity of the peri, Sakuya may not be most of the work. An advertisement at the Bohemian Archives in Japan's Red State that Sakuya interviews to recruit, so she may have interviewed a majority (if not every) of her own fairy maid. Marisa Kirisame despite Marisa Kirisame's tendency to borrow books from the library, Sakuya has shown some occasions (especially endings) to be quite friendly with Marisa, going so far as to serve snacks and tea and hide it from Patchouli. This can explain the rating of low patchouli joy in Immaterial Power and Lost. Eientei residents of The Inevitable Night events, Sakuya was one of the few people who knew that Eirin Yagokoro and Kaguya Houraisan were from the moon, and might keep a secret. Eirin's profile stated Eirin was surprised to see Sakuya, but only Eirin knew why. Sakuya did not show any abnormal or habitual interaction with Eirin that could give clues to what this was (she was suspicious of Eirin during a rocket party in Inaba from the Moon and Inaba Earth, but so did everyone who knew Eirin was from the moon). The only indication of ZUN on this matter can be seen above in the section on Konohana-Sakuyahime. Small Relationship[edit] Three Fairies light met them in an omake in East Nature Deity and Little, where he stopped their pranks by throwing some knives at them. In Deity Alam Strange and Bright, in the amar house, she looks through the disguise of their maids but does not say words and lets them stay. He eventually they go out (according to the peri conversation) or scare them by telling them if they don't work, they don't eat. Sakuya smiles, so she may have spoken as-a-facts. [Ref. Required] Then, when they spy on Sakuya and others at Hakurei Temple, she saw them, revealing she could see through their abilities to hide even reimu Hakurei and Marisa Kirisame could not. He cheerfully invited them to join, but this just scares them to run away, which disappoints him. Alice Margatroid Ever since Perfect Cherry Blossom, Sakuya attacked Alice every time either visiting their homes, and for no good reason. Sakuya says she strikes in Immaterial and Loses Power to release pressure. In Scarlet Weather Rhapsody, he said it was to punish Alice for intruding even after Alice had left. In both cases, Alice thought it was a poor cause. By comparison, Marisa Kirisame and Youmu Konpaku had no problems when trapped intruding on the grammar houses (in fact, they usually get tea, on the other hand)[20]. Cirno Sakuya had trouble understanding why Cirno found a frozen frog or fun flowers at Phantasmagonia from Flower View, but at least came to recklessly understand the peri from watching Cirno fight in Touhou Hisoutensoku. Cirno doesn't want to be a fairy maid.
